This is how my son Jace created his new job. J is a symbol that represents a potential new experience. On the left side, under *Intention*, he assigned specific conditions of the type of job he would like. On the right side, under *Elevated Emotion*, he assigned specific emotions he would feel when the experience happened. By combining these two elements, he changed his energy every day to draw his new job to him.

In the box at the top, put the initial of the desire you want to create - a symbol that represents a potential new experience.

On the left side, under Intention, list specific conditions of the desire you would like. On the right side, under Elevated Emotion, list specific emotions you would feel when the experience happened. By combining these two elements, you change your energy every day to draw this desire to you.
